### 04–08 June 2001

#### Moscow, Russia

##### **Electrochemistry and Surface Technology 200th Birthday of Professor Moritz Jakobi (1801–1874)**

International Conference and Exhibition

- Electroplating and surface technology
- Fundamental problems of electrocrystallisation

Professor V.N. Kudryavtsev  
Mendeleev University of Chemical Technology of Russia  
9 Miusskaya sq.  
125047 Moscow  
Russia

### 17–22 June 2001

#### Marilleva (Trento), Italy

##### **5th International Symposium on Impedance Spectroscopy (EIS 2000)**

- Science and applications
- Corrosion and electrodeposition
- Electrochemical kinetics
- Electronically- and ionically conducting polymers
- Semiconductors
- Batteries and fuel cells

Prof Pier Luigi Bonora  
Local Organising Committee EIS 2001  
Laboratory of Industrial Control

## 25–30 August 2001

**Toronto, Ontario, Canada**

### Electrometallurgy 2001

31st Annual Hydrometallurgy Meeting  
 International symposium on fundamental and applied  
 advances in the electrometallurgy of Co, Ni, Zn, Cu and Pb

- Plant practice
- Cell design
- Anodes for electrowinning
- Electrode kinetics
- Mathematical modelling
- Molten salt electrowinning and electrorefining

**NEWS ITEMS**

Please send details of relevant meetings and other worthy news to the News Editor. Lengthy information should be supplied as Word Windows or ASCII files on 3.5" discs.

**Carl Wagner Medal of Excellence**

The second edition of the Carl Wagner Medal of Excellence in Electrochemical Engineering will be presented at the 6th European Symposium on Electrochemical Engineering, Düsseldorf, September 2002. This medal is awarded by the Working Party on Electrochemical Engineering of the European Federation of Chemical Engineers. The competition is open to European researchers under the age of 35 years for outstanding contributions to research in applied electrochemistry or electrochemical engineering. The first edition of the medal was presented in 1999 to Dr Karel Bouzek of VSCHT, Prague.

Nominations for the medal, with supporting documentation, should be sent to the ECHE Working Party Chairman:

Professor A.A. Wragg, Department of Engineering,  
University of Exeter EX4 4QF, UK, before March 2002.

**ISE Awards**

Details of International Society of Electrochemistry awards are available at the web site:

<http://www.access.ch/ise/awards/awardcall.html>

or from:

The ISE Office  
Dr Otmar Dossenbach  
PO Box 475  
CH-8501 Frauenfeld  
Switzerland

**BOOK REVIEWS**

Subject areas relevant to the Journal's interests include: environmental electrochemistry, recycling and removal of contaminants, batteries, fuel cells and electrochemical energy conversion, corrosion and protection of metals, electrosynthesis (of organics, inorganics, metals, alloys,

polymers, ceramics and composites), electrocatalysis, photo- and semiconductor electrochemistry, electrochemical engineering and reactor design, electrode materials and coatings, electrochemical techniques, electrochemical sensors and monitors.

Publishers are invited to send copies of new books for review in this journal to the News Editor: Professor Frank Walsh, Electrochemical Engineering Group, Department of Chemical Engineering, University of Bath, Claverton Down, Bath BA2 7AY, UK.
